

# Transfer Credit Frequently Asked Questions

## ***What grades are transferable to UNC Wilmington?***

Only grades of C (2.00) or higher are transferable.

## ***I took a course and earned a grade of 'C' (2.00) or better and it doesn't appear on my transfer credit evaluation?***

It may be that the course is not comparable to any course at UNCW or it may not be a college transferable course. To view the course equivalences for your school, visit the Transfer Equivalencies site on the Registrar's webpage. The Transfer Equivalencies site is updated each work day. If you have specific questions about how your credit has been evaluated contact the [transfer articulation administrator](#). Be sure to provide the school and course in question.

## ***What do I do if my transfer credit evaluation is missing course work that I have recently completed?***

Transfer credit is articulated from the official transcripts of the institutions attended. If you are currently completing course work or were admitted using course work from a previously enrolled term, this most recent course work may not yet be articulated. This credit will be articulated once the Office of Admissions receives a final transcript reflecting the grades for this course work. Be sure to request that a final, completed transcript be sent to the Office of Admissions once your final course work is completed. Once the evaluation has been updated, SeaNet will reflect the latest revisions.

## ***What are 001 numbered courses?***

These are college transferable courses, however; UNC Wilmington does not offer a comparable course. Therefore, the subject code and 001 is used to distinguish these courses as elective credits. (ex: ENG 001 or PSY 001). If the course cannot be designated to a particular department, the ELEC001 designation is used for general elective credits. These courses may be further reviewed by the department of your major to determine if the course meets the intent of a specific course at UNC Wilmington. Contact your department advisor with any of these concerns or questions.

## ***What is the maximum number of credit hours I can transfer to UNC Wilmington?***

Students transferring to UNC Wilmington may receive up to 93 semester hours of academic credit from all institutions attended; however, not more than 64 total hours can be transferred from two-year institutions. Correspondence courses (15 semester hours maximum), CLEP credit, AP credit, International Baccalaureate (HL only) and military credit will be counted in the 93 hours.

## ***Will my transfer GPA calculate in with my UNC Wilmington GPA?***

Hours attempted and grade points earned at other institutions are not used in computing grade point averages except in the case of students applying to enter the Nursing program and seniors graduating with honors and/or distinctions.
