

**Master of Science in Computer Science and Information Systems (MS CSIS)
Capstone Assessment Form**

Faculty Name: _____

Date: _____

Student Name: _____

Course Number: _____

Rate this student in comparison to other students at UNCW using the following scale. The level of performance demonstrated by this student is:

- 1 – Significantly Below Expected Levels
- 2 – Below Expected Levels
- 3 – At Expected Levels
- 4 – Above Expected Levels
- 5 – Significantly Above Expected Levels

With respect to:

_____ 1. Selecting and narrowing a topic worthy of further research investigation or project implementation.

_____ 2. Using computer literacy skills and information databases to find relevant research articles.

_____ 3. Independently reading papers in the computer science and information systems literature.

_____ 4. Applying concepts, principles, and theories in research or real practice.

_____ 5. Critically analyzing and evaluating the results of the project or thesis.

_____ 6. Assessing the conclusions and implications of the research or a project that solves a particular scientific or business problem.

_____ 7. Presenting the findings of the research or project implementation in a clear, coherent, and succinct way.

_____ 8. Evaluating the work of others objectively and fairly.

_____ 9. Critically analyze a business user's needs and develop a strategy for solving a business problem.

_____ 10. The combination of learning from both the computer science and information systems disciplines was beneficial to the student's future research or business opportunities.

Comment on the student's strengths and/or weaknesses:
